Email _____

Please give details of the specific items that you wish to consult and are unavailable in other libraries.

Please give details of the specific items that you wish to consult and are unavailable in other libraries (continued)

Section 2 to be completed by parent/ guardian / teacher

The National Library of Scotland's full terms and conditions are on our website and are available on request in the Library. Please read through and discuss them with the applicant. Some important points most relevant to young people have been noted here.

- The National Library of Scotland is a reference library. We do not lend any items from the collections and no material must be removed from the reading rooms.
- Our public computers have limited internet filtering and there is a risk that a child using a computer unsupervised could encounter inappropriate content
- Unauthorised use of cameras, scanners and other portable copying devices is not permitted anywhere in the Library
- You may not bring food or drink, including bottled water, sweets and gum, into the reading rooms, as this could result in damage to the collections.

I confirm that the person named in section 1 requires access to the National Library of Scotland to consult the specific items listed above which are unavailable in other libraries.

I confirm that I have read the Library's terms and conditions, I have discussed them with the applicant named above and accept them on their behalf.
